THINK DIFFERENTLY ABOUT WASTE

WHAT IS XanhNét

XanhNét Circular Ecosystem is a closed-loop system from waste collection, sorting, to recycling of plastic, paper, etc

- Implementing transparency - Proving the origin of waste - Fulfilling tax obligations with the State
- Collaborating with brands and companies to implement Extended Producer Responsibility (EPR) practices.
- Sharing the benefits, promoting fair trade, and integrating the informal labor sector, including the waste pickers.
- Distribution Hub for recycled materials and products.

XanhNét Circular Ecosystem has been developed by a team with over 20 years of experience at VietCycle, in collaboration with numerous leaders of organizations, companies, and tens of thousands of waste collectors and recyclers across the country. They adhere to common regulations and comply with environmental laws while spreading the vision of "Vietnam, a civilized nation with waste"

EPR PRACTICE

BUSINESSES

- Self-organize the collection and recycling of packaging and disposable products.
- Or hire a recycling company.
- Or delegate the recycling collection to a third party.
- Or pay the EPR fees to the Vietnam Environment Protection Fund
- Conduct annual audits.
- Implement social responsibility, raise awareness, and promote sustainability.
